

Brewster at Home

is a single source for help with many of life's demands.

Help with your home, health and life is only one phone call away.

Services we offer:

- Discrete technology-based health monitoring services:
 - + A medication delivery system is available that will ensure that proper doses are taken when needed. A reminder alert prevents missed or duplicated doses.
 - + A safety and monitoring system using small, wireless sensors placed around the home to detect routine activities/movement. When significant changes are detected, family members are alerted for intervention.
- Access to all Brewster Place programs, trips, social and cultural events and educational seminars.

A Network of Care

In order to help seniors maintain the highest quality of life in the place they call home, we have developed relationships with trusted organizations that provide a variety of additional care and professional services including:

- Home health – physical, occupational and speech therapy
- Companionship, light housekeeping and incidental transportation
- Handyman – installation of grab bars, lawn care, snow removal and minor plumbing, electrical and other repairs
- Senior move management
- Nutrition and dietary management
- Computer assistance
- Massage therapy

Many of the above services are available at specially negotiated prices for Brewster at Home members.

**We don't manage your care.
We help you manage your life.**

A Tradition of Trust

Brewster at Home is a service of Brewster Place, a faith-based, mission-driven, not-for-profit organization with a distinguished history and unparalleled reputation for excellence. Our goal is to provide the services people need, when they need them, in the place they call home. Brewster Place welcomes people of all faiths and backgrounds. We have provided housing, services and care to people in the Topeka community continuously since 1964.

For over 40 years Brewster Place has worked to enrich the lives of older adults through innovative and spiritually-based programs and communities. We know and understand what it takes to care for seniors, and our dedicated professionals bring knowledge and expertise to every situation.

The familiarity of home is one of the great comforts in life.

Unfortunately as we age, sometimes the burden of care and upkeep for both our family and our home makes the decision to move into a retirement facility for us before we are ready.

Brewster at Home is all about making your life — in your home and around the town — easier, healthier, and more satisfying.
